

Critical Reasoning Test Battery (CRTB2)

What does it measure?

The CRTB2 measures ability utilising businesslike item material to ensure content validity to managers and graduates alike. The battery consists of two subtests, namely: Verbal Reasoning Subtest and Numerical Reasoning Subtest.

Materials

- Technical Manual
- SA User Guide
- GeneSys online system
- Paper and pencil version is also available

Intended Use?

- Business managers and graduates
- Selection and recruitment, identifying staff who will likely benefit from further training and development

Scoring and Cost

The following scoring options are available:

- Bureau scoring
- Online via the GeneSys platform

Cost: 2 credits

Timing

40 minutes given for all three subtests, excluding administration time.
